E-mail:

Title of the article:

The authors declare to accept that the manuscript subjected to the journal SOCLES published by the Laboratory LISODIP of the ENS-Bouzaréah is their personal and original work. All the authors having contributed to this work assume the public responsibility of the published work. All the authors saw and approved the manuscript such as it was subjected. We confirm that this article is original and was not published in another national or foreign journal.

We declare that we do not intend to publish this work in another national or foreign journal. The authors confer on the journal SOCLES an irreversible right of reproduction and distribution of their articles on any known media. The transfer of the copyright covers the exclusive right to reproduce and to distribute the article, including the reprinting, the translations, the photographic reproductions, the microforms, the electronic forms (offline, online) or any other reproduction of similar nature. The authors accept the distribution of their article with the aim of favoring the scientific exchanges within the international university community.

The authors guarantee that the article contains no illegal material or which encroaches on the right to privacy or breaks any property right. The authors make a commitment to respect the ethics and the current uses in the scientific community. This form must be signed by the corresponding author and must be received by the journal SOCLES before beginning the final treatment of the manuscript subjected for the publication. By the present document, we guarantee that we are the only owner or the authorized agent of (of the) owner (s) of the copyright.
