

Table Of Contents

- Evaluating of potential impacts of liquid detergent using life cycle assessment methodology. S. Bougherara, F. Lecheb, M. Belkhir.....	pp 780 /784
- Comparative study of biosorption of Cu ⁺² , Ni ⁺² , Cd ⁺² , Zn ⁺² and Co ⁺² ions on the <i>Pleurotus mutilus</i> biomass . A. Madani, A. Selatnia, A. Chergui , A.R. Yeddou And B. Nadjemi.....	pp 785/793
- The degradation of methylene blue by bacterial strains isolated from the peel of Red Beet. N. Abai, F. Abed, N. Babakhouya, K. Benrachdi	pp 794 /799
- Study of the physical and thermal properties of composite polymers of high density polyethylene (HDPE) -porcelain obtained by experimental approach. H. Boussak, H. Chemani.....	pp 800/805
- Nickel removal from aqueous solution by non-living <i>Pleurotus mutilus</i> : kinetic, equilibrium, and thermodynamic studies N. Daoud, A. Selatnia, E.H. Benyoussef.....	pp 806/819
- Valorisation du lactosérum par technique membranaire S. Lachebi, F. Yelles	pp 820/825
- Evaluation of the quality of the ground of the lake of Reghaïa in heavy metals and study of their distribution on the surface K. Delleci, N. Mohamed, F. Madjdoub, S. Sayoud, K. Louhab	pp 826/832
- Contribution à l'analyse physico-chimique des eaux de ruissellement urbaines F. Benrejdal, H. Haddad, H. Ghoualem.....	pp 833/837
