Applied Biology in Saharan Areas (ABSA) is a nonprofit, **open access online international journal**, published twice a year, which emphasizes on Applied Biology in Saharan areas. It will publish innovative research papers, review articles, notes/letters and short communications dealing with Biology. The journal is available in print and electronic format.

## Major Topics

The journal will cover topics related to:

- **Bioanalytical Chemistry**
- **Biochemistry**
- **Biotechnology**
- **Botany**
- **Cell and Tissue Cultures**
- **Cell Biology**
- **Environmental Chemistry**
- **Genetics**
- **Microbiology**
- **Molecular Biology**
- **Nutrition**
- **Phyto-Chemistry**
- **Plant Pathology**
- **Zoology**
