

AJER

العدد الثاني لسنة 2023
ALGERIAN JOURNAL OF ENGINEERING RESEARCH

TOWARDS VALORIZATION
OF NATURAL MATERIALS
AND DEVELOPMENT OF
INNOVATIVE PROCESS

Algerian Journal of Engineering Research

Editorial Board

Editor-in-Chief

[Abdeslam-Hassen Meniai](#)

University Constantine 3, Constantine, Algeria

Editors

[Mossaab Bencheikh Lehocine](#)

University Constantine 3, Constantine, Algeria

[Jean-Pierre Grolier](#)

University Blaise Pascal, Clermont- Ferrand, France

[Abdeltif Amrane](#)

University of Rennes (France)

Coordinator Editors

[Outili Nawel](#)

University Constantine 3, Constantine, Algeria

[Arris Sihem](#)

University Constantine 3, Constantine, Algeria

Editorial Board

[Rafiqul Gani](#)

Technical University of Denmark

[Dominique Richon](#)

School of Chemical Technology Aalto University, FI-00076, Aalto, Finland

[Marek Rogalski](#)

University of Lorraine, Metz, France

[Sümer Şahin](#)

Near East University, Turkish Republic of Northern Cyprus

[Hans-Jörg Bart](#)

University of Kaiserslautern, Kaiserslautern, Germany

[Karim Allaf](#)

University of Rochelle, Rochelle, France

Jean Louis Delanoiselle
University of Bretagne sud (France)

Thomas Lendormi
University of Bretagne sud (France)

Mustapha Chikhi
University Constantine 3, Constantine, Algeria

Wahida Louaer
University Constantine 3, Constantine, Algeria

Rehab Boushaba
University Constantine 3, Constantine, Algeria

Ahmed Zermane
University Oum El Bouaghi (Algeria)

Fatiha Meghezzi
University Constantine 3, Constantine, Algeria

Articles		
	Contribution to the study of concrete segregation <i>A. Grini1, A. Benouiss</i>	1
	Effect of impregnation temperature on the sorption of a cationic dye <i>Meriem Zamouche, Sihem Arris, Mossaab Bencheikh Lehocine</i>	7
	Characterization of C.I. basic violet 10 degradation under Ultrasonic Treatment <i>Slimane Merouani, Oualid Hamdaoui</i>	10
	Reaction mechanism choice using green chemistry principles <i>Mehdi Louaer, Nawel Outili</i>	16
	Thermodynamic modeling of 2-2 aqueous electrolytes <i>N. Boukhalfa, A-H. Meniai</i>	21
	Elimination of isobutyl phenyl propionic acid (Ibuprofen) from wastewater by treated silica gel <i>Fouzia Belaib; Abdeslam-Hassen Meniai</i>	24
	Molecular structures and thermodynamic phase equilibrium models <i>Ahmed Zermane; Abdeslam-Hassen Meniai</i>	29
	A comparative study of two different refrigeration systems based on absorption cycle <i>Ouassila Larkeche; Abdeslam-Hassen Meniai</i>	35
	The removal of cationic dye (Methyl green) dye by adsorbant based Silica gel / Polymer <i>Fouzia Belaib; Abdeslam-Hassen Meniai</i>	39
